Cummins, Caterpillar and Komatsu are trademarks of their respective owners and are used for reference only. MS Ventures supplies aftermarket parts, not genuine OEM parts.

INTRODUCTION

Message to Our Clients

Dear Valued Client,

We are pleased to introduce MS Ventures, an exporter of heavy equipment engine spare parts based in Dubai, United Arab Emirates. From this leading regional trade and logistics hub, we serve customers across the GCC and Africa.

We specialise in OEM-quality aftermarket parts for Cummins, Caterpillar and Komatsu diesel engines. Our aim is to provide the correct part at a competitive price, sourced accurately by part number and supported by clear quotations with stated lead times.

We welcome your enquiries and look forward to serving you.

OUR CUSTOMERS

Industries Served

We serve businesses that rely on diesel engines operating for long hours, often at remote sites, where downtime has a direct cost. Our parts suit engines used in heavy equipment and power generation.

Mining and Quarrying

Mining and quarry operators and contract miners.

Typical needs: overhaul kits, turbochargers, fuel injectors and heavy-duty engine components.

Construction Contractors

Construction and earthmoving contractors.

Typical needs: filters, pumps, gasket kits and engine parts for scheduled and breakdown repairs.

Equipment Rental Fleets

Rental companies operating mixed equipment fleets.

Typical needs: cost-effective parts to return machines to service promptly.

Power Rental Companies

Power rental and standby power providers.

Typical needs: engine parts, filters, sensors and electrical parts for maintenance.

Telecom Tower Operators

Operators maintaining power equipment at tower sites.

Typical needs: parts for preventive maintenance and engine repair.

Independent Parts Distributors

Distributors supplying workshops and end users.

Typical needs: a dependable source of OEM-quality aftermarket parts for resale.

Engine Rebuild Workshops

Workshops carrying out engine overhaul and rebuild work.

Typical needs: complete overhaul kits and components, including hard-to-find items sourced by part number.

COVERAGE

We serve these customers across the GCC and Africa, wherever Cummins, Caterpillar and Komatsu engines are in operation.

OUR SERVICES

Why MS Ventures

We are pleased to offer our clients a straightforward, dependable source of engine parts.

**OEM-Quality Aftermarket Parts**

Engine parts of OEM quality, suitable for equipment working in demanding conditions.

**Competitive Pricing**

A cost-effective alternative to genuine parts, helping clients control maintenance costs.

**Sourcing by Part Number**

We source parts against your part numbers, including hard-to-find items.

**Export from Dubai**

Shipments from Dubai's logistics hub to ports in the GCC and Africa.

**Clear Quotations with Lead Times**

Each quotation states prices and expected lead times, so that clients can plan maintenance and shipments with confidence.

ORDERING PROCEDURE

How We Work

**Enquiry**

You send part numbers, engine model or serial number, quantities and destination by email or WhatsApp.

**Quotation**

We confirm availability and issue a quotation with prices and lead times.

**Order**

You confirm the order and agreed terms; we prepare and pack the parts for export.

**Shipment**

Parts are shipped from Dubai to your port or destination in the GCC or Africa.

For a prompt quotation, kindly include the part number, engine model and serial number, quantity, destination country and port, and preferred mode of shipment (sea or air).

WHERE WE DELIVER

Markets Served

From our base in Dubai we export engine parts to customers across the GCC and Africa.

EXPORT HUB
